editors' message

To all who have helped in creating this yearbook, we thank you. We, the editors, were thrilled when given the opportunity to create this yearbook for all of you. We hope you will enjoy looking back through time and reminiscing over the good memories shared with friends. Thank you to Ms. Robson, Mrs. Sigsworth, Mr. Reid, and Mrs. Welbourn for your excellent photography, and to everyone else who has helped out along the way. We would like to send a very special thank you to our dear friend and great teacher Ms. Kwietniowski, for without her assistance this yearbook would not be sitting in your hands. Thank you also to Natalie Pirkola, Shaina Parris and Ms. Daley for their contributions. We had a lot of fun and hope that you enjoy this book as much as we do.

Sincerely, from your editors,
kayla waugh and meghan kirton

principal's message

At the end of this exciting and fun-filled year, I find myself asking, "Where did it go?" This year we have shared so many changes, and here within the pages of Vox Collegii you will discover an everlasting snapshot of 2006-2007.

Look back often and fondly on these pictures and sentiments. Look back fondly too, on the family you are leaving behind here - your Trafalgar family. To our graduates, we wish you the very best in all your pursuits, both academic and professional. We have done what we can, to prepare you for university and for life. Pursue all you do with the same passion you have shown as Trafalgar Girls and you can't go wrong. While we hope we have inspired you in some way, know too, that you have touched each and everyone of us in the Trafalgar community that remains: students, staff, faculty, and friends.

To our returning students and to our prospective students too; this Castle is yours to make of it what you will. Within these ancient walls, a warm and welcoming aura is waiting. It remains for you to add your laughter, your love, and your legacy. The Trafalgar fabric is stronger and richer for your having been here. Come back when you can, and tell us how you are.

VICE PRINCIPALS' MESSAGES

"Life is not measured by the number of breaths we take, but by the moments that take our breath away"

Over the past five years as Vice Principal School Life at Trafalgar Castle School, it has been my privilege to work in an environment that nurtures achievement for girls and young women. I will leave with fond memories of Muskoka Woods staff airbands, TAA spirit weeks, Prefects, and nights in the residence with our wonderful Resident teachers. It has also been a true pleasure teaching my favorite subject, Exercise Science.

Within these castle walls lie the energy, enthusiasm and passion for education that are the key ingredients of a successful school. Our commitment to learning and

to caring for people is second to none. This is only one of the many amazing characteristics that make Trafalgar such a special place to work and live.

It has been an honour to see our grads move on to pursue their dreams as they move beyond the shelter of the lions guarding our doors. Thank you to the many parents, students and staff who have helped to make my years at Trafalgar such a magical adventure.

Thanks to everyone on the Senior Administration team, the faculty and support staff for a wonderful five years. I will miss you all, but hope to see some of you in Vancouver for the 2010 Olympics !

DR. WENDY VANDERHELM, B.P.H.E., B.ED., M.ED., PH.D.
VICE-PRINCIPAL/SCHOOL LIFE

Dear Students,

Another year is winding down at the Castle. As I put together this short message, students are finishing the last few remaining exams. Boarders are packing their things excitedly as they prepare to head home. Just like that, another year in the life of Trafalgar Castle comes to an end.

This yearbook will forever hold a multitude of memories for every member of the school community. Memories of sports competitions, house spirit, extra-curricular groups, community service trips, camping weekend and much more. I want to thank Ms. Kwietniowski, Kayla Waugh and Meghan Kirton for all of their hard work on this yearbook. Without their time and effort, it would not happen!

To the Class of 2007....thanks for the memories! As you head off to begin a new chapter in your lives, look back fondly on your time at Trafalgar. Remember the lessons you learned both inside and outside of the classroom. Remember those individuals who encouraged and inspired you in your growth and development as an individual. Remember to look out for others and make a positive difference in the world. Remember to always try your best. And finally, remember to find and follow your passion in life! I wish you success, happiness and fulfillment in your future endeavors.

"All good things must come to an end but it's the memories that make them last forever." It is hard to believe that this year and this chapter of our lives is coming to a close. Speaking on behalf of the Graduating Class, I know I can say, that these past four years have been a crazy rollercoaster- full of ups and downs and twists and turns, but no matter what happened, Trafalgar has been there to keep us on track- and for this we are forever thankful! The true education that we have learnt within these castle walls, has not been Calculus or World Issues, but has been the countless life lessons that are passed onto us by the incredible students, staff and faculty. The castle has always been a place where the students are influenced and encouraged to be the best that they can be and this is the main reason why we have become intelligent, confident and accomplished young women.

This year's calendar, as most, has been flooded with events; Registration Day, Camping Weekend, all the Residence Nights Out, House Plays, Christmas Dinner, May Day and of course Habitat for Humanity Honduras. Only at Trafalgar is it possible for students to be so overachieving and accomplished yet relaxed and unique individuals. It is throughout these crazy times, that we have made

friendships that will last forever.

As for the prefects of 2006/2007, these young women have been the brightest, funniest, greatest group of girls Trafalgar has ever seen and throughout all the hectic times, have always managed to keep it cool. It has been an honour working with such an amazing group of girls. From the camping weekend activities, big sister and little sister lunches, all the chapels and the Grade 6-8 Sleepover it has been an exhilarating year that is one to remember. I am honoured to be within this fabulous group of girls. We have not only become a team, but a family and I would like to thank everyone who has supported us throughout our journey, especially, Dr. Vanderhelm.

Trafalgar has always been a place for me where education and fun times intertwine, but this year I have been fortunate enough for it to become my home. The residence and the resident teachers are one of a kind and have made my final year the best time I could have possibly asked for.

In closing, I wish every graduate the best of luck in the future, I wish to advise every returning student to savor every moment and I wish to thank everyone for being the truly amazing people they are!

GRADUATING

So this is it! It's been crazy! I can't even begin to believe that I am actually writing this. Each year, I remember the grads thinking long and hard about what it is they want to write...now here I am. I have never laughed harder, cried more, worked harder, partied more or been in better company than I have in the past 4 years. The teachers, boarders, day students and most importantly, the grads, are truly the best people I have ever met. From the stressful calc and chem classes, to the loud and super fun families

and data classes, I will miss every aspect. Trafalgar has always been a place for me where friends and school mix. This year it became my home - in every way. The girls here and RT's are one of a kind and HAVE become my family. I will miss you Traf and thank you for everything!

Mia Abuzgaya

My 2 years at Trafalgar were tremendous! All the difficult times during grade 11 and all the amazing fun times during grade 12 made me mature. I thank my mom and dad for giving me the opportunity to experience castle life. Thank you Rosemary for being with me. I met a lot of precious friends at the Castle. I had a lot of fun with Hae-na every "weekend" last year; I miss you so much. I won't forget my memories with all the Korean girls! Every day I enjoyed talking with Elli in home room.

I thank all the teachers who have taught me and helped me! Mr.

Huxter !!! ! Even though, I HATE Calculus, I like you!! (I don't know why I always get nervous in front of you). Ms.P! please invite me to your wedding ! You are the best MOM ever !! It is time to say good bye castle. Good bye All, and Love you All!

Stella Ahn

As the year is coming to a close, I think back and realize; just how good it's actually been. As we head off on our own paths and prepare to say our goodbyes, we know that someday somewhere we will all meet again. Being at Trafalgar, I've met some of the greatest people and sometimes have had the opportunity to share our lives together. Trafalgar will be one of the greatest memories that I'll value and keep near and dear to my heart. A very special person once told me that no one could get to the top by

sitting on their bottom. Here at Trafalgar, I've had great experiences and times together with everyone. For everyone that has been there for me, especially my friends and parents, I thank you and wish the graduating class nothing but the best.

Dima Al-qaysi

The past four years at Trafalgar have given me more than I could have ever imagined. Trafalgar has shaped me into the person I am, the person I am proud to be. To everyone who has ever hugged me, helped me, taught me, and been there for me I would like to say thank you! Mom and Dad - thank you for giving me this opportunity. KK - You have always heard me. You don't know what that has meant to me. HB - you are my personal navigation system. I'll be lost without you, literally lost, and I will never forget our little ventures. AL - You are the lamb to my barn, I'll be waiting for my designer sweatband collection. HBM - I could always count on you. CBM - We have some amazing collective note taking skills, remember, don't put your cup on a ledge. Ellie - "A friend is one who believes in you when you have ceased to believe in yourself."

You have always believed in me, and been there for me. There are too many memories to write down, most of which were lost in my car, but we will always have pottery barn. To the grads of 2007 "go confidently in the direction of your dreams. Live the life you've always imagined." - Thoreau.

Kelly Barnes

I have always wondered what kind of person I would have been if I hadn't gone to Trafalgar, but I am glad that I didn't have the chance to find out. Over the past four years, I have found myself slowly spinning deeper into the life of Trafalgar Castle. From Muskoka Weekend to crazy teachers, unforgettable times with friends and the stress of academics, we have had our share of trials and tribulations - all of which have been heavily outweighed by our successes.

Mama and Dad, thank you endlessly for this opportunity and for your constant support. Natalia, I could not have asked for a better sister or friend. Babciu Juziu i Babciu Kaziu, czuję się tak bardzo szczęśliwa że jesteście ze

mną. Babciu Julu, tęsknię za tobą. To all my friends, I cannot thank you enough. Your friendships are what have shaped my time here and I will cherish them forever. Over the years I have seen many changes in myself and my peers. We have blossomed into strong, confident, capable young women, and for that, I congratulate each and every one of my classmates. We finally did it! Congratulations ladies. "You're off to Great Places! Today is your day! Your mountain is waiting. So...get on your way!" Dr. Seuss

Monika Birska

To be able to sum up my four years at Trafalgar in less than 200 words is almost impossible. Almost. The memories that stand out the most have to be in my last year. Looking back on all of the heartaches and good times is enough to realize how far I've come, and how much I appreciate all that I have in my life right now. The person I want to thank the most is my mom- you've been the most supportive the whole way through - driving me the long trek to school everyday and back, giving me advice and helping me realize that life's not as bad as it may seem sometimes. I love you a lot, as well as the rest

of the fam. I now have a very bright and exciting future ahead of me from all the opportunities Trafalgar has given me, in and out of school. I can't wait to experience what's ahead! I hope everyone in the class of '07 has the most amazing time at university. Oh, and much love to the dining hall homies, keep it real. XO

Sarah Bolton

class of 2007

Oh, Dear Ol' Trafalgar, Oh how I will miss thee. I'll miss your delicious food, your guild, your common room couch and most of all, the amazing people within your walls. To all the teachers, maintenance, coaches, and kitchen ladies - thanks for putting up with me, and for molding me into the amazing woman I am today. I'm going to miss having my brother Mr. Shawn Branton, being there for me everyday, even when I'm in need of duct tape, (he is the best brother anyone could ask for). Mom and family, I couldn't have done any of this without you. But most of all, I would like to thank my father, for allowing me to attend Trafalgar; I love you, thank you, and miss you. AL - there are too many memories; you're my twin, my babe, and my best friend. KB - I'm going to miss seeing you hiding in corners, our ventures. You will always be my Kelster. CH - we French, une petite chapeau (p.s. "Nobody wanna see us together"). CMB - Caroline, I love you baby. HBM

- I can't wait to work for you, never change. KK- the birdhouse lives on. Mia - my Sista. ES- I love almost dying with you (KB). MB - one day he'll be yours. Ms. Cassidy - I'm going to miss being scolded in your Scottish accent. LH- I love you and your headdress. MM - we will always have, the fastest car, always. I love you guys, couldn't have asked for more. Through thick and thin, I love you all, and will cherish every memory; "Live, Love and Laugh" The one and only Hailey Branton "Hailey and Allison are the most amazing people in the world" - Edgar Allan Poe.

hailey branton

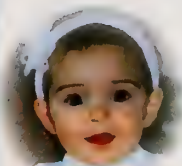

I begin with a joke: "A girl walks into a castle...Ouch!" I hope this leaves you giggling, whether it is because it is so cheesy, or because you share my humour, but either way, I hope this reminds you of the many good laughs that we shared in our Alma Mater. Our grade started off the high school years with a bang- an unexpected suspension from an A-student for breaking the Open-flame policy "cough Mia". Since then, we have blossomed into the leaders of tomorrow. My four years have been filled with fond memories, mostly those where I had the chance to work with the talent of TCS - the musicals! (We go to-ge-ther!), sports teams, TAA, Prefects, clubs, HARE house and much more! A few shout-outs to those who have made this experience unforgettable: SVG- We will be dear friends for many years to come. MA - You're destined to be the next best thing, I'm sure! Prefects - It's been a pleasure to be a part of this team. I will always remember our laughs in the prefect room! CH - Stay alert. Stay safe. Crazy gal! MB/KK/AL - Spares will be lonely without you next year! To all those who lent a hand,

flashed a smile, joined in singing, saved dessert - thank you! Thank you to my family who have been there for me and encouraged me to take every opportunity this beautiful castle has to offer. Muchos besos! Just remember ladies, "We are young. Heartache to heartache, we stand."

So long, Farewell, Auf Wiedersehen, Goodbye!

CAROLINE BRAVO

As I write this 'write-up' I am sitting in Project Management class, to the right of Mr. Huxter; when I started to see teachers more often than my parents, that's when things became fishy. I will not write about what I gained from Trafalgar as 7 years of friends and memories exceed the 250-word limit. I will miss not having to put outfits together in the morning. I will miss watching "Saved by the Bell" in the Prefect Room before chapel and I will miss Ms. Cassidy's Scottish accent. After 1,260 days of walking in and out of the castle, I can't concoct an image of the person I would be today

if I spent those 1,260 days walking into any other school. It almost kind of hurts a little when I try to imagine what my life would be like without my best friend in the entire world, Katherine Krozonouski; I have to thank Trafalgar for uniting me with people who are most important to me.

CAROLINE BYNON-MURRAY

When I first stepped into the hallowed halls of this great castle a mere seven years ago, I never imagined actually graduating. There's a few things I can be proud of: I can honestly say I have spent far more time at this castle than at my own home and I also don't think there are very many people who can say that they have been to Muskoka Woods on 10 different occasions (but I can).

There are a few people that I NEED to thank, so here goes. I have to thank Ms.Cassidy for my constant "Est-ce que j'emprunte les clefs de la Fitness Centre, s'il vous plait?" and Mrs.Begy for teaching me how to say that. Fran for the constant "Are there any more deserts in the back?" Everyone for my constant "spazzing". Mr.McClure deserves a very special thank you, for all the times I rushed into his office needing immediate help with scholarship applications, as well as Mrs. Talent for sitting in that office. I would like to thank Mrs.Robertson and Mr.Huxter for giving me the opportunity to play soccer - one of the greatest sports ever. All the boarders who made January amazing. Mia, for giving me the wonderful opportunity of being the Turkey

for Turkey trot, and having to run the perimeter of the school not once, but TWICE. Ms.K for putting up with me for so long, regardless of "my quick questions" that are always longer and more frequent than physically possible. I generally would just like to thank anyone and everyone who has ever crossed my path at Trafalgar, because it has moulded me into the person that I am today, and I will be forever grateful. Trafalgar will always hold a soft spot in my heart, and I only hope that regardless of what I do in my life, I never stray too far from my friends and the memories I have made and taken away, from within these hallowed halls.

HARRIET BYNON-MURRAY

It is always easy to say "hi" and hard to say a single "good-bye". I can't believe that I have almost finished the whole of Grade 12. I can still remember the very first day that I arrived at TCS. When I stepped out of the car, I could hardly believe that the awesome and beautiful castle right in front of me was going to be my school. Miss Ossenkopp (My family teacher) introduced herself to my parents and me. She is so kind and generous and I am absolutely glad that I had her as my family teacher. To all the grads, I am so happy to have had all of you as my classmates. To Ryersons, I love you all, truly and deeply. We shared our happiness, sadness and excitement. I am glad to be a boarder at TCS and one of the members in

the warm and lovely family of Ryerson. Time flies, I have learned a lot during this whole year. Thanks to all the teachers that helped me when I needed it and who were so kind to me. Thanks to all the RTs for taking care of me during the year. Special thanks to Mr. Huxter, I am pleased to have had you as my advisor and my Calculus teacher. I will never forget my time at TCS.

Reima chan

I still remember the very first day I stepped into the castle. I did not expect then that I would learn so much from Trafalgar. The past two years at Trafalgar have been an experience that I will never forget. I have met many new people, and I have learned new things from boarding at Trafalgar, that I didn't know before. Trafalgar is my second home and I will miss it forever. I will miss all of my friends, especially the Korean girls. I appreciate all the teachers and RTs for their support- I truly thank you for what you have taught me. Trafalgar is the place that taught me how to get ready for change. Thank you Trafalgar!!!

Memories are like playing a film without sound. This year passed in a flash and now it's time to say goodbye to this lovely old castle. I still cannot believe that the school year 2006-2007 has ended. If I have to use a word to describe this year, it would undoubtedly be "phenomenal". Each word and photo in this yearbook records a beautiful memory of the last year of high school education for me. First, I have to thank my parents for sending me to such a great school. I have met the most amazing people here and made a lot of unforgettable memories. Secondly, I would like to express my appreciation to each and every teacher who has offered me help during this wonderful year; especially Mrs. Martin for being such a great

academic advisor, and helping me to overcome difficulties. To all the grads of 2007, in looking back at your memories for the past year, do also look forward. Good luck to all of you in the future. Last but not least, I would like to extend thanks to all my friends in the residence for their constant support throughout the year. This has been a fruitful year for all of us. "A memory lasts forever. Never does it die. True friends stay together and never say goodbye"

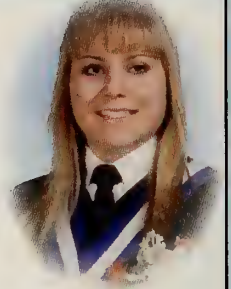

Jasmine chui

Good luck to my graduating class, I wish you all the best, and I'll sincerely miss you. I have bonded with most of you at one time or another over the last four years, and I'll always cherish the memories we created on a daily basis.

With Love,

Fee.

stephanie hagner

When you enter this school, you are one person. If you stay for even a year, you are a Trafalgar girl forever. If you stay long enough, you become a better person than you could ever imagine. This school will change you for the better. I have met the most amazing people here and made the most amazing memories. With most, I can honestly say, "This could only happen at an all girls school". To all my best friends - may no distance or new friends ever come between us. To all the amazing teachers who have affected our lives - keep on going strong. And to all the students - follow your dreams and take every opportunity this school has to offer; play every sport, build a new robot, go on as many trips as you can,

meet many people. I want to thank everyone who has helped me through the past 5 years; my parents for giving me this wonderful opportunity, and my friends who have been through low and high water with me. I'm not going to make any "shout outs", because there have been way too many people that have affected my life and this would end up being about three pages long. So, I love you all. And will miss you more then I can express.

Lisa harrington

"I may not have gone where I intended to go, but I think I have ended up where I intended to be"
Douglas Adams

Whether we like it or not, we spend the majority of our time here at Trafalgar. We see our teachers and friends more then our own families. There have been laughs, tears, and everything in between; we've seen the best and worst of each other. So how do you say goodbye to the people you've grown with over the past four years? I don't know, but I can say this: It's been quite an experience.

I would like to thank the teachers, friends and coaches who have truly helped me figure out who I am and what I love to do. You are the individuals who made my years here better.

Lianne holland

I sit here and try to figure out all of the thank-you's and memories I want to put in this write up. I simply can't. I cannot express in words the influence that this castle, these people and these four years have had on my life. To the prefects - you have taught me so much. I could not have asked for a better group of girls to challenge me. Patsi and Tido, mom you may not like it that I have all of your qualities, but I love it. Tido, not to worry, I will always be your Bubbalou. I cannot express the influence you have made on my life. I love you and thank you. Zack, you're the man and I couldn't ask for a better brother. A special shout-out to the maintenance men, kitchen ladies and teachers, without you it wouldn't have been

the same. To my darling friends, may you all find the love that you can give, the power that you have and passion in something you love. A little thought to think... Education is an admirable thing, but it is well to remember from time to time that nothing worth knowing can be taught. From princesses to queens, we did it girls.

This is it lovelies, love it, live it and give it all you got!
All my love and always,

caitlin hopkins

And here it is; the end of my time within the Castle walls. I cannot begin to explain the unbelievable memories that have been created within this Castle. Graduation is now here and I have received many opportunities that have braced me and changed me for the better. Who knew entering these walls 6 years ago, that I would be a new person leaving? Thank you to all my teachers! If it weren't for you, I would not be the strong individual I am today. I would not have been pushed beyond my limits. Ladies; were do I begin? My time within the walls of this Castle would have never been the same without you! The love and support we provided each other through the years, the hilarious after lunch common room couch talks, the not so productive study groups....where do I end? You girls are with me forever! And to my family; you are, ultimately, the ones that made these experiences happen. If it weren't for you I would not have been able to explore what this Castle has to offer. I am truly gratefully for being able to attend this school. It is now time to say goodbye and this is going to be one of the hardest goodbyes that will have to be made. My memories here are with me forever, and girls don't ever forget that common room couch when the going gets rough!

I really can't believe that I am graduating from high school...the first day of grade 7 seems like it was just yesterday. (oh yeah...whatever...)

Anyway, talking about TCS...this place changed me a lot, especially calculus.

I used to SUFFER in math, but thanks to Mr. Huxter's patient help every time I asked him a question, I started catching up now...

Although I just came here this year, I had lots of fun with everyone around me - hilarious jokes in biology and chemistry lessons. Doing

thousands of calculations in physics, reading in English, playing in music class - I am going to miss everything about the school next year. We complained about the work at school, right? But I really think we will miss this place when we go to university...

I will miss you guys!!!!

sandra ip

1 year in U.Ryerson + 2 years in L.Francis + the last 1 year in U.Ryerson. My 4 years at TCS went so fast, moving my luggage and boxes to 4 different rooms with my dear roommate, JAIME! JAM, don't forget that "WE ARE ALWAYS PERFECT RM" :) Hye Min, I'm so glad I met you AS A FRIEND at TCS. Yun-Mi, I will be so excited to see you walking on the street in new York next year. Yoon, my next-door girl! Get out from the "LOW GAG" and don't miss me TOO much. Ma Teeth Brushing Washroom BUDDY, JASMINE! Stellalala, a fabulous ARTIST! I expect you to open an "ARTISTIC" restaurant. Right? I'll be there. Say HELLO to Rosemary! Now! What's up, all my Chinese Friends! Patsy, I know that you will MAKE IT! How do you feel? Are you gonna enjoy life at U OF T St.G? Congratulation >3< "V" for Vicky! I'll always be your

Korean MUSIC provider; come and see me whenever you have time! Amal! Thanks for your editing. Next year, I'll talk to you FIRST. ^^ I'm also happy to have met you Cher, Jess and Pearl. I hope all of you will ACHIEVE your GOALS and do what you LIKE to DO. Guys, have fun at the University!

se-in jin

Finally, I conclude my short journey at Trafalgar Castle School. Three and a half years at Trafalgar were not short but time goes by too quickly. I still remember the day I walked into the school with my parents. I was young and knew little about life. Now, I am strong and very independent. Lots of memories that I shared with Trafalgar girls and teachers are unforgettable. Mrs. Hansen! I feel as though I will still have to go to room 7 at 8:15 after graduation - thanks for your caring! Mr. Huxter! I should listen to you more...I was a good student in gr.10 compared to gr.12 - I will miss you. Prefects - Muskoka camp dancing and Christmas skit ... good job! In residence, we were always busy, harsh and tired, but we were happy together. My first hall teacher, Ms. Webby! I will never forget you...Grade 9, Ryerson girls had so much fun with

you...thanks so much. Se-In, Jaime, Cher... only 4 of us stayed from grade 9 and came back to Ryerson again!! I've met great friends during grade 10, 11, 12 (including all the Korean girls and Ryerson ppl)...RTs, thank you for your caring (Ms.P & Ms.Ossenkopp) Mrs.King & Ms.Darrell you were like my mom. Lastly, Mom and Dad! I love you and thank you for supporting and believing in me. My bro, Johnny! I was happy that you stayed in Canada with me for 2 years. Now it is NY!!

"Congrats"...all grads, my friends! Bye, Trafalgar.

yoon hee kim

Seven years. Seven years of brutal school work but seven years of many memories. To all you grads out there, I just want to say "Yo what up dawg!" lol. Good luck grads, it's been a long time but we can say that we did it. Congrats! Being a lifer may not have been as bad as we made it out to be. Eh guys? The teachers and you guys, - all of you, or at least most (excluding Erin Sik-say and Stephanie Hagner lol) have made it doable and actually sort of fun. Thank you to those teachers, that over the years, challenged me and pushed me along to where I am now. I appreciate it, truly and honestly. But enough thanking people. Not another sappy write-up. Hats off to those who are going to become doctors, lawyers, teachers, architects, designers, writers and what ever else you may become. You can be the doctor that saves my life, the lawyer that defends my case, the

teacher that teaches my children, the architect that builds my house, the designer that makes my clothes and the writer that publishes their first book about me. Jokes. Have fun guys, it was great to know all of you and nice to have you there by my side for these seven long years. Peace Out...

meghan kirtton

I am very excited to graduate. I'm not going to lie. I am however, going to miss all the people I have met over the last five years. Caroline, you are the best friend I could ever ask for. Harriet, you have taught me to be a more responsible person and I am grateful, I love you. Kelly, even though you just disappear, you are an impossible person to forget. Ellie, my Europe buddy, I can't imagine having gone through high school having not known you. Monika, you are sitting next to me desperately trying to finish your write up too, you're a super girl haha... Allison, you're the craziest person I know. Hailey, what can anyone say about Hailey...she's pretty sweet. Cait..... it's always been interesting haha. Shaina, I have never

met a stranger person than you and I will love you forever. All the prefects, its been an interesting year I think we did a good job. The TAA from 06, that was fun, I'm glad we lived through it. Ms. Cassidy, the kitchen staff, and my teachers who have put up with me since grade 8, all of you have really helped me become the person I am. It sounds cheesy but it's true. I'm going to miss this school - mostly those great cookies. Its been a real slice.

katherine krozonouski

Three years of high school have finished in an instant. I will remember these three years as happy times. This last year I have learned many things, made many friends and created new memories. This year I have grown a lot as a person as I have learned how to get along with others and communicate more effectively. I feel a little unhappy because I will leave my classmates and teachers, but I also feel happy, because I will go to University to continue my studying in Multimedia Design. I look forward to university to continue to become an independent woman.

Goodbye to my childhood but hello to my future!

I wanted to start my last words of high school with a quote from an extremely intelligent man; Edgar Allen Poe once said "Hailey and Allison are the most amazing people in the world." Amazing to have you back Mrs. Martin! I want to thank all my teachers for managing to put up with my crazy antics; I don't know how you do it Mrs. Hansen, teaching me 3 classes. You are awesome! I want to thank my incredible coaches for inspiring me to improve. Mrs. and Mr. Robertson, you have been the best coaches I could ever ask for. Volleyball will not be the same without you. Thanks Mom and Dad for everything you do for me. I love you. My friends have kept me sane throughout high school. Hailey I'm so glad we met in grade 10. Our butterfly catching was magical. You are my twin and best friend. Kelly - you are

the barn to my lamb. Chery - I will miss you so much. Grade 10 math class was jokes. Ellie - loved our party. Mia/Dina - I'll miss coming up and visiting you two! Caroline/Katt/Harriet - you three are hilarious - never change! Monika - we have so many memories and I will never forget any of them! Lisa - passports have never been so useful. Marg - love you tweedle di. Ms. Cassidy - you hold this place together. I love you so much and will miss you so much! Shawn - have you seen my baseball? I will miss you all! "Every good-bye makes the next hello closer" See you soon babes!

4 years! I can't believe that I have been living in a foreign country for 4 years! People said it would be a great experience and I found that the most valuable thing that I earned in Canada was friendship. People at Trafalgar are all very nice! I had a Korean roommate for two years and I will never forget those crazy days when we had to crank out our projects and also our noodle parties!!! Se-in, how's the Jin square...>< Hye-Min...you are always so kind to me!! Pearl, really happy to meet you this year...I will not be here next yr but keep in contact r!!!!=>...Ng, next year add oil! You can do it! Kabe....to overcome something is hard but sometimes there is no choice! Janet....don't be too stressed;!! Vb...sorry that did not swim this yr....next yr add oil! Evon...there are many things I want to say...I believe that next yr you r gonna have a very nice yr!!!!...Do u know wt I mean? I have no regret for being in Canada these past four years. I found my most happy times!

Time flies so fast! Is this really my turn to graduate!? Woohoooo~!! Over the past 2 years, I have learned a lot of important things and have made many unforgettable memories with my AWESOME FRIENDS, especially on Ryerson! I have the BEST memories of high school with u guys; jajajasmine (I could never laugh that hard without u lol), suesue~(stop thinking abt London! cheerrrrrrr (my Philippine sister!), HyEmIn(u r my 2nd mom!), Se-In JIN(thx for all the good Korean songs!), YUNNNMIIIII(u r the funniest person!), yOoN Hee(u have the sweetest smile~!), Stelalalalala(I used to envy u coz u had a lot of delicious food in the fridge),Jaimee(come to japan eh?),reina(u r skinny enough),mia(u r like beyonce!!!lol),dina (u r a funny talker!), and Sandra(where r u goin next year again?!lol) There are a lot people from different parts of the world. I've shared sweet laughter, bright smiles, and soft and warm hearts. I will never forget these AMAZING memories.

I will never forget, the 1am noodles (right? Patsy?!); studying till 4 am everyday (right? Jasmine?!); using my room as a "NEW" common room; my happy 18th b-day at 12 am on November 2!! (thx for using tons of alarm clocks in front of my room at 12 am!; silly talk about every single funny thing (HAHAHHA right?! LOL) Finally a special thank-you to my parents for giving me a wonderful opportunity and sending me here to Trafalgar! I would never be able to live in Canada without your support! Lov u papa and mama!! Also I would like to thank to Mrs. Robertson for taking "late" attendance all the time, but giving me sweet smiles! And Mrs. Holland for caring!! I love U..yes im talking about YOU!!! TCS ROCKS!

vicky Liao

Hello everyone, my first year at the castle has been fabulous! I would first like to thank all the faculty and staff members who always supported me. I would like to say thank you especially to Ms. K for being the happiest and the sweetest teacher; Mr. Huxter for being cool and 'stuffing' my brain with the hardest math that I've ever encountered in my whole life (so far); Mrs. Robertson for being the cool teacher that she is; Mrs. Welbourn and Mrs. Jeffery for extending my understanding of art; Mrs. Sigsworth for her kindness and supportiveness; Mrs. Martin and Mrs. Metselaar for extending my knowledge of the English language; Mr. Kowalenko for being the funny guy that he is; Ms. Cassidy for her understanding and kindness; Mr. McClure for helping us with our university applications. And I would like to thank all my friends who have been there for me when I needed them, and you know who you are. Trafalgar is a great school, I hope everyone attending Trafalgar next year will enjoy it as much as I did. I will miss the castle and all the wonderful people that I met. Although it's time for us to say goodbye, I will always remember the wonderful times that I had here. Good luck and best wishes to all the grads going to university in September. We'll meet again!

lisa Liu

Looking back, I realize that I have been at this school for three years. The time passed by so quickly. It feels just like the first day of school, but now everything is so familiar. Each year at this time, I say goodbye to my older grade friends, and now, it's time to say good bye to my younger grade friends. I feel sad but happy; I feel familiar but strange. I am saying goodbye to the past, to this old castle, yet conversely it is also time to say hello to my future - to my new castle. However, I will always remember the happy times I spent with you, my lovely friends and teachers. I enjoyed the nights I spent with my friends doing

projects and watching drama without any sleep. And I love my new common room in this old castle. It has everything; you can have a rest there. If you are not happy, there is always someone there to cheer you up. It's a magical room, and I always feel happy there. Everything in this old castle will stay engraved in my mind. Thank you to everyone. I wish everyone a wonderful life and good luck to the Grade 12 students at university and in the future.

sue Liu

Whenever my friends hear the name Trafalgar Castle School, they ask whether it is a real castle. Today, before I left the castle, I finally realized how lucky I am. I will never meet teachers who are more caring than those at TCS. Ms. P, thank you so much for your help in residence, your smiles are the representation for our Red Pepper Family; you are, just too nice to be true! Ms. K, I suddenly came up with the idea of "super woman" in today's crazy tree diagram class. The most interesting person I found at the castle, for your witty jokes in class, for your crazy math brain (the greatest math woman I've ever met in my life), and for your patience to every one - I just wonder how on earth there is a Pascal Triangle and a Ms. Kwietniowski! Mrs. Metselaar and Mr. Huxter, sorry for the emotions that I showed, but you truly are the two that I always respect, for your great passion in teaching English and Calculus. And my dear friends, I will never forget how "awake" the RYERSONS are at midnight; tears and laughter, depression (crazy homework at 3Am) and excitement (university offers), we experienced it TOGETHER. People walk in and out of our lives, 2005 - 2007, I was here, with all my dear TCS teachers and friends. You walked into my life, and will never walk out, coz I have already locked you all into my memory!

class of 2007

I always imagined the day that I would be writing this article, and now that it is here I don't feel excited that I am leaving. I wanted to graduate, but now I don't want to. I want time to pause. I have made friends that are really important to me but it feels as though I am losing all of my friends at once. Gr.11 was the best year I had at TCS. *VIVA MEXICO! All of my lovely Mexican friends! You will never understand how much it hurt my heart when you were leaving. Twenty of my friends left at once and I have no idea when I will see all of you together again. *Holly, Dunya, Jess, Lexxi, Melinda I don't know how to thank you - you were always here for me and gave me so much support. *Allison, dun u miss our gr.10 math class? *Hailey, u had a fun time pushing me everyday eh? well, I did too. *Mia, coolest head girl ever! * my dearest sister, I have too much to tell ya. *Abby, we went through lots;. * Jasmine, did u ever notice that u changed me? *Hye Min and Sue! u are the

greatest roomates ever and i love you so much! *Marie, Elena, Mar, Mel, Ana - I dun wanna write anymore. I will start crying. *All of the RTs, thanks for looking after me. A special thanks to Mrs. King and Ms. Phillips - you made my path at TCS so much easier. *Ms. Robertson, how could I possibly forget that I made the vball team this year. I seriously tried my hardest to get onto the team and learn. I don't know if you noticed but I treasured the chance you gave me. Anyone else that I didn't mention here, it's not because I don't love you - it's just too much to write here! Four years of experiences. As we move on, we will remember all the time we had together.

Over the years I've heard people say, "I can't believe it flew by that fast!" but really, for me the last seven years at Trafalgar really have flown past. It may not have felt like they did everyday but when I look back...where did the time go? I have made my home here, my family and my friends and it is a place I will never forget. Trafalgar is a place that really nurtures a young lady and I am glad, despite what I have told my parents over the years, I am very glad that I was given the amazing opportunity to attend Trafalgar and be a part of this amazing family that has made me who I am. I will never forget the original grade 6 class even though there are about six of us left, and I love how every year we have added a few people and have become the amazing grade 12 class that we are. I will sincerely miss this school, all the memories that I have made and the amazing people, students and teachers that I have met. Take every opportunity that your parents and Trafalgar have given you

because it is truly amazing what you can find yourself capable of. Just a special thanks to two extraordinary teachers - Mr. Huxter and Mrs. Robertson. Thank you so much for your guidance over the years and for inspiring me to learn. I love every single one of my friends who have helped me through school and through life. So long and good luck, I love you all!

margaret mckay

After reading perhaps a hundred of these things, I decided mine wouldn't be exactly what I'd read over and over again before. But, of course, writing a truly original grad write up isn't easy. So, this is Shaina thanking God that she gets to graduate with a large group of passionate, smart, intense, devoted young women, who will someday take the bull by the horns, change the world forever, and make everyone who ever met them feel so blessed and proud. This is Shaina thanking her Mom and Dad for every little (and big!) thing they ever did for her, and the sacrifices they made to send her to Trafalgar. I LOVE you, SO much, and will make you proud. And, of course, this is Shaina heartbroken that she won't be able to see her friends every single day anymore. It will be tough, but this is the beginning of the rest of our lives. We'll have a great time. I love the

teachers and staff at Trafalgar, and thank each and every one of them for the time they invested in us. They are amazing people that have helped us grow so much as individuals, whether they've known their influence on us, or not. There's too much that goes on at Trafalgar that would make absolutely no sense anywhere else.

shaina parris

The time has come to reflect upon my four years at the Castle; four years of laughter, learning, friendship, and memories. I thank my friends and family for being my rock and providing me with unconditional love and support. I thank my teachers for teaching lessons that transcend the classroom and giving me encouragement and wisdom. I will cherish my times with the talented Travelling Show crew, spirited Maxwell girls, and my dear sisters in Residence. I will never forget the things accomplished with the Prefect Body, an amazing team of inspirational

girls. Finally, I encourage my graduating class to never lose sight of what is truly important to them; they can achieve anything.

natalie pirkola

Graduate? Do I look that old? ... I am just so glad that you are here to share this precious moment with me just want to say..I'll always be there for u eh. Come on Ryerson babies! You guys are last but never be the least! I treasure the time we lived together. Our laughter, our tears, our chi sin talks will stick in my head forever. My "tall" yet lovely working buddy, MS CHUI, WE DID IT! ;D Sandra, Jessica, Cher, Hye-min, Se-In, Yoon-Hee, Patsy, Yun-Mi, Stella, Dina and Mia! Ryerson rocks eh? *V* Sue, though u were not living with us, I treasure you as my best..mandarin teacher! HAHA! You guys are always in my heart <3 Our memories would never be washed out! VICKY?

Waited for so long to c your name? ah cherrr..we're bfs man! btw when r we going to laugh for 15mins/day again? HAHA!" Yeah!"

I will be back!!! Wait for me ah! heeheehee! hmm.. Ms Darrell, I miss you ;>

And that's how it's done. I can't believe my short stint here at Trafalgar has finally come to an end! Can you believe it? Seven years!!!! I am so grateful to my parents for giving me this opportunity and supporting me through it all. I appreciate all you've done!!! To both my sisters I'll miss you tons. Linds, I'm so happy we've been able to share 5 years here together. It wouldn't have been the same without you! Ally, I'm going to miss you!!! I'm never going to forget my time here at Trafalgar, all the crazy people I've met and the amazing places I've gone. From Stratford to Atlanta it's been fun! Prefects - Great year ladies, You're all amazing!!! Robotics girls - good luck next year!!!! AL - Best week EVER Muskoka with the grade 6's, LH - I would be bored all the time if it weren't for you! MM - "Yea Toast!!" , LH - "STOP the car!!!!" , AS - "yea

chassis', CB - my dancing buddy, DA- thanks for making boarding tons of fun! ES - I remember when you were the only other tall person in the grade. MK, CBM, KW, MM, HBM - all that's left of the original 11!! Thank you to all the great teachers that have helped me; Mr. Southwell, Mr. Huxter, Mrs. Sigsworth, Ms. Webb, Mr. "MC"Clure, "Master P" and "The RT's". Thanks for all your advice and wisdom. And thanks especially to Ms. Miles - Berry, for putting up with me for 6 of my 7 years and helping all along the way! All of the memories created and shared within the castle walls will not be forgotten. Thanks a ton!!!

I have lived at Trafalgar for 3 years now. Although today is just like yesterday, I don't know why the sky that I look up at is not as same as usual. It seems very high, bluer, and much brighter. I am not sure whether this graduation means that I am in a finish line or a start line; I am quite nervous. Ms. K! Thanks for all your help in math. You made me feel comfortable with it. Mrs. Martin and Mrs. Metselaar you are the best English teachers on Earth. Mr. Huxter! I love your passion about teaching. You are a nice teacher. Mrs. Robertson! Although grade 12 physics drives me crazy, I am happy that I am in your class. Ms. Hansen! I learn so much from you! I love your smile. I really want to thank all the residence teachers

for their hard work and for taking care of me sincerely. Thank you to my friends who were always there for me. The shapes and colors of our dreams are so different. Our lives at Trafalgar were difficult at times and it helped us to be together. I know that I cannot come back to this moment ever again and I will miss it. But I also know that it is time to leave. I just want to say that I am happy to meet you all!

hye min Ryu

As I sit down to write this, I cannot believe how quickly the past 4 years have gone by. I'd like to thank anyone who has ever impacted, inspired, and helped me grow as person...not to sound cheesy or anything but I am eternally grateful to all! Mom and Dad, thanks for all you do for me. Teachers, all of you have inspired me to learn, challenge, and question everything over the years. Without you, I would not be who I am today. Finally, to all the grads. You are the best group that anyone could hope to graduate with. From cracker-eating contests, to robotics trips, to singing Happy Birthday in Mrs. King's math class...all the jokes and memories will stay with me forever!

"On ne voit bien qu'avec le cœur. L'essentiel est invisible pour les yeux. It is only with the heart that one can see rightly; what is essential is invisible to the eye" (Le Petit Prince). Grads, remember that as life goes on and years pass by, it is not the material things that matter...it is your friendships and experiences. I wish you all the best in all your future endeavors, and I can truly say that I am lucky to have known all of you! Love you all!

amy sauger

I would like to thank my parents for allowing me to have this educational experience. And I would also like to thank all of my friends and teachers for making my time here at Trafalgar an enjoyable one.

A special shout out to all of my groovy friends; Hailey, Kelly, Katt, Caroline, Harriet, Allison, Lisa and everyone else- I love you all dearly! Peace out.

elizabeth selbie

And END SCENE. So my stay at Trafalgar has come to a close. It's hard to believe that it's actually done; I thought it would last forever (especially in certain math classes that shall remain unnamed). I'd like to thank my family for always being there for me. (Tess, you are a lovable sort - which is meant very affectionately.) To my friends - I hope to reminisce with you in person rather than in a cheesy grad write-up! You're all beautiful people - keep being strong. To Mrs Martin - thank you for realizing that I WILL sit on the edge of the chair, it's just the way I roll. There comes a point in a person's life when they realize that despite everything they've been through, they wouldn't trade it for the world, because it's those

simple moments, pleasures and shortcomings that make you who you are today. And that, my lovely, beautiful, amazing peers, family, friends, teachers, is someone of whom I am proud.

erin siksay

Wow, where did four years go? I have had the most amazing experiences in this enchanted castle and I feel like the luckiest person in the world to have lived through them with such incredible people. Thank you to all of my teachers! You never cease to amaze me with your commitment. You are by far the most intelligent bunch of people I have ever met. Thank you for never giving up on me and continuously pushing me far beyond my limits; I am stronger now because of it! Thank you to my friends! I will never forget all the love and support you have given me. Our memories are entrenched within these castle walls and within

my heart. To my family, thank you for believing in me; I am so fortunate to have you in my life! To all the grads of 2007, keep smiling your beautiful smiles. Remember that you can do anything you put your mind to! "Aerodynamically, the bumblebee shouldn't be able to fly, but the bumblebee doesn't know it so it goes on flying anyway" -Mary Kay Ash

sabrina van gyzen

It's all said and done. It's really been fun and it's so hard to say goodbye. But this is just the end of the beginning; we've got a life to look forward to even though it's easier to look backwards. To my family - thank you Mom and Dad. Without your unconditional love, I wouldn't be where I am right now. To my teachers - thank you for all the help. To my friends - it wouldn't be the same without you and the memories you gave me.

Special thanks to Ms. Perera. You always smile whenever I see you. You are always concerned about how my life is going and you always give us presents whenever there is a celebration. You are like my friend - always listening to me and helping me with my difficulties. I will always remember TCS in Upper Ryerson where met each other.

Good luck in university everyone! <3

"You can take the girl out of Trafalgar, but you can't take Trafalgar out of the girl." It's hard to believe that it's now my time to say good-bye to dear old Trafalgar - the place that has been my second home for the past seven years. I can now officially say I qualify as a "lifer". There are many people to thank for my time spent here, which has been filled with endless memories that I will forever cherish. To Mum and Dad - thank you for giving me this wonderful opportunity to attend such an amazing school. You have no idea how much I have appreciated it over the years. To Mrs. Robertson - thank you for everything. You have

been such an incredible academic advisor and physics teacher! To the rest of the teachers, faculty and staff - thank you for your guidance and assistance throughout the years. To all my friends - you have given me memories that will last a lifetime! Because of everything we've been through, you will all hold a special place in my heart. Lastly, to my fellow grads of 2007 - We did it ladies! Good luck to all of you in whatever the future may bring.

kayla waugh

This is my first and last year here.....

Ms. K; one of the most kind teachers I have ever seen.

Mrs. Metselaar, who demands much from her students, but is also considerate of us.

Mr. Huxter, he is very picky, but ~ well, teaches us to be careful.

Ms. Hansen; she is always on top of things, and is willing to mark a lot of assignments.

Ms. Martin; a new face to me that is always smiling.

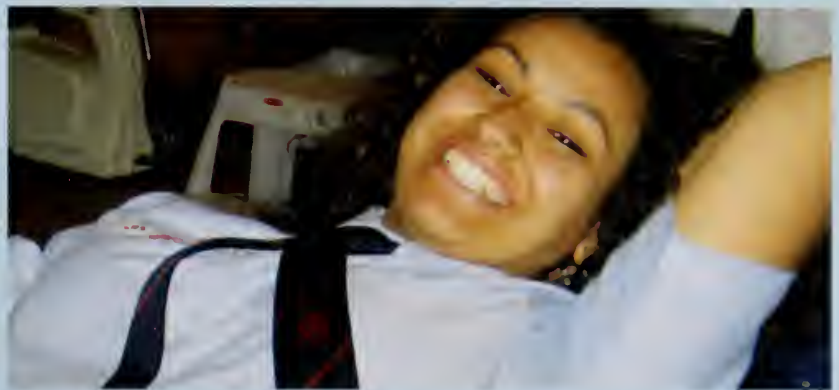

My homeroom teacher; Mr. Southwell thank-you for your guidance.

Thanks to all the teacher who helped me grow up!

The Midget girls' Soccer Team had an excellent season! Mother Nature may have soaked the players; she did not dampen the team's spirit. Always energized and ready to play, the team improved with each game. Their dedication and enthusiasm, paired with sheer determination, led to the nail biting final game against St. Clement's School for a spot in the playoffs. Although we suffered a heartbreaking loss, the team should be proud of the effort they put forward in the game and throughout the entire season. Congratulations!

CROSS~COUNTRY

Trafalgar's 2006 Cross Country Team had a busy competition schedule this past fall. The team travelled all over the province participating in the following races: Trinity Invitational, Run for the Cure, Mustang Invitational, Boardwalk Relays and the CISAA Championships. All runners braved cold, windy and wet conditions. The runners worked hard to improve upon their personal best times. Miss Miles-Berry wants to thank the following runners (both on the training and competitive teams) for a fun and exciting season:

Mariana Bucardo, Gabbie Crichlow, Ashley Farrell, Kaitlynn Gambier, Chae Ri Jeong, Christina Kim, Joanne Kim, Katherine Kim, Christine Lamarre, Danielle Henry, Caitlin McKay, Jenny McKeeman, Jenny McPherson, Sabrina Nemeth, Michelle Park, Natalie Pirkola, Amy Sauger, Justina Sebastiampillai and Elizabeth Selbie.

Front Row: Danielle Henry, Justina Sebastiampillai, Christine Lamarre, Sabrina Nemeth, Gabrielle Crichlow, Chae-Ri Jeong. Second Row: Miss Miles-Berry, 4, 5, Amy Sauger, Caitlin Mc Kay. Third Row: Jenny McPherson, Lauren Wianecki, Elizabeth Selbie, Christine Kim.

under 14 field hockey

The 2006 Under 14 Field Hockey Team had a fun season this year learning new skills while applying their knowledge to both games and practices. They worked hard during the season to become better athletes with Ms. Johnston to guide them during the long and enjoyable season. We would like to thank all eleven of the team members for their terrific spirit. A special thanks to Ms. Johnston for organizing the season for the under 14 field hockey team!

Front Row: Sarah Doi, Avery Logan, Francesca DiPietro, Catherine Kurz, Maureen Jackson, Laura Taylor, Stephanie Dietterle.
Second Row: Miss Johnston, Chelsea Latremouille, Amanda Paisley-Kirk, Tamiko Kotack, Rebecca Faulkner, Christina Cadwallader.

under 20 field hockey

Front Row: Monika Birski, Caroline Bynon-Murray, Allison Lamb, Hailey Branton, Caitlin Hopkins, Harriet Bynon-Murray. Second Row: Lesley Campbell, Alex Logan, Carolyn Bushuk, Cassidy Holt, Julia Coffin, Mr. Kowalenko.
Third Row: Amanda Hadley, Laura Hildred, Patricia Manos, Lindsay Pilon.

The Trafalgar Dragons had a good year, led by some strong performances by their core of talented grade 12's. Many scoring opportunities arose from the adept passing of the trio of Harriet Byron-Murray, Hailey Branton and Caroline Byron-Murray. This would not have been possible except for the excellent mid-field work of a number of players who rotated throughout the 4 mid-field positions. Monika Birski, Allison Lamb, Amanda Hadley, Lindsay Pilon, Hali Russell and Cassidy Holt were all mid-field warriors this year contributing on both sides of the ball, helping out on offense as well as defense.

The Dragons were particularly stingy on defense this year, led by Carolyn Bushuk, Patricia Manos, Laura Hildred and Julia Coffin. These girls, with support from the mid-field, put up a near impenetrable wall, which was anchored by goalie, Lesley Campbell.

Great job this year ladies!

under 14 Basketball

Front Row: Chelsea Brimstin, Faith Chipman, Jenna Smith, Alexandra Moffat, Brianna Marek, Kaitlin Romain.
Second Row: Giovanna Villanti, Georgia Derrick, Justine Latremouille, Jessica Peroff, Miss. Darrell. Third Row: Malvika Chowdry, Kadijah Plummer, Sangitha Mensingh.

The Under 14 basketball team got off to quite the start this season. Led by the very capable Justine Latremouille, the U14's are a bright, energetic and spirited bunch. Individually, and as a team, this group improves at every opportunity. They have won my heart and the hearts of many of our referees as they bounce around the court with smiles on their faces and eagerness in their game. I feel blessed to have the privilege of coaching these dynamic young women. In the words of the team- We may be short, we may be tall, but most of all we've got it all- Go Dragons, woot woot, Go Dragons!

under 16 Basketball

The Under 16 Basketball team had a very quick start to a short season. They came up against strong teams in the Tier 1 division, but did not lack in enthusiasm on and off the court. The girls improved their skills as team members and basketball players throughout the months, finishing on a great note as they played their finest during the final game. Good luck next year ladies!

Front Row: Elise Paul, Justina Sebastianpillai, Tobi Odueke, Tanya Murdoch, Vera Wong.
Second Row: Samantha Cuningham, Alea Frauts, Catherine Sim, Avery Linford, Miss. Johnston.
Third Row: Jenny McPherson, Lauren Wianecki, Karen Thomas, Alexandra Pappas.

UNDER 20 BASKETBALL

Congratulations to the Senior Girls Basketball Team on a terrific season. This year, there was good depth at all positions and each game the players showed fine progress. The girls learned a lot throughout the season, not the least of which was how to shoot a basketball correctly. In fact, Margaret shot most of her foul shots with one hand and made the majority of them. In one game, we even had 4 different players take and make one handed foul shots; such an accomplishment should not be underestimated! The team had tenacious defence and when the game got physical, it was always exciting to watch. All players should be proud of their individual progress and the team's as a whole. We wish our graduating players a fond farewell: Margaret, Lianne, Jacqueline, and Erin.

Front Row: Priyanka Birdi, Margaret McKay, Magdalene Dellaportas, Alycia Wodzak, Brittney Lebel, Kabe Chan.

UNDER 13 VOLLEYBALL

Front Row: Chelsea Brimstin, Faith Chipman, Casey Wilton, Alexandra Moffat, Laura Taylor, Catherine Kurz.

Second Row: Krista O'Neill, Lindsay Tucker, Jennifer Chen, Malvika Chowdhry,

Third Row: Taylor Whyte, Kyna Hall, Khadijah Plummer, Ciara Tonno-Lourenco.

Call it! Communicate! Good job! The under 13 Volleyball team did a great job this season. With the help of Jackie Pilon (Little P) and coach Ms. Perera (Big P), the girls developed great techniques and skills for teamwork.

There was a noticeable improvement throughout the season in the teams confidence and playing strategies. All the girls supported each other and continuously held their heads up high no matter what the outcome was.

Great work this season girls!

UNDER 14 VOLLEYBALL

The Under 14 Volleyball team had a wonderful season. We all played hard, had fun and came together as a team. It was a great season and throughout the term the girls played some worthy opponents. When faced with competition the Trafalgar team fought for what they wanted and managed to come out on top.

Front Row: Jordan Larocque-White, Giovanna Villanti, Miranda Gobran, Brooke Lebel, Cassidy Romain, Tamiko Kotack.

Second Row: Sangitha Mensingh, Maggie Carmichael, Georgia Derrick, Kemi Amurawaiye, Ms Mitchell.

UNDER 16 VOLLEYBALL

The under 16 Volleyball team had a great season as they played with enthusiasm and dedication. When they were on, they played strong and with a lot of heart. They won some tough games against top teams but, unfortunately, they came up short in the end, just missing a spot in the playoffs. I saw a vast improvement in their skills as the season progressed. Congratulations on a great season, ladies!

Front Row: Katherine Sim, Danielle Henry, Christine Lamarre, Tobi Odueke, Tanya Murdoch, Christine Cox.
Second Row: Karen Thomas, Alea Frauts, Erin Campbell, Justine Latremouille, Alexandra Pappas, Ms R. Johnston.

UNDER 20 VOLLEYBALL

Front Row: Erin Siksay, Hailey Branton, Caitlin Hopkins, Allison Lamb, Patricia Manos.
Second Row: Cher Lui, Sandra Ip, Lesley Campbell, Alexa McCartney, Mrs. Robertson.

With only two players returning from last year's U20 team, this season was saturated with learning positions and perfecting skills. After a successful start to the season, the team faced many tough opponents and was unable to keep their winning streak alive. Fortunately, athletic victory is not measured solely by the team's record of wins vs. losses but rather by the individual successes of every player who sets personal goals for improvement and reaches those aspirations. Even in the face of defeat, we proudly held our heads high, confident that we had done our best. It has been a long time since I can honestly say that every player on the team has matured in her volleyball performance level. I want to thank each player for her dedication and commitment to excellence throughout a very rewarding season.

swim team

Front Row: Nicole Arends, Sabrina Nemeth, Phoebe Cheung, Christina Kim, Alex Logan, Elise Paul, Ms Webb.

Twice a week for a couple of months, five dedicated girls came to the tiny school pool to train for the Swim Team. We attended three meets in the GTA, where we achieved personal best times. We were a small but mighty team, with the desire to learn something new from the wonderful experience. For two of the members, it was their first year being part of the Trafalgar Castle School Swim Team and another swimmer learned how to dive. Although we did not win any awards, we had an enjoyable, fun-filled season and were grateful to be given the opportunity!

hockey team

The Dragons had an interesting year down at the "Park". They saw it all this year, from a fire alarm being set off by the red hot play of the "911 line" tandem of Alanna Brannigan, Cassidy Holt and Jenny McKeeman, to senior goalie, Margaret McKay's stellar performances game in and game out. Big things are expected as the Dragons return a solid nucleus of players. The "Big 3 on D", Maura Brannigan, Lindsay Pilon and Jessica Peroff are being joined by Jenna Smith and Holly Small, to make a group of solid blue line defenders who finished the year strong and should impress next year. Up front the picture is a little cloudier as the forward situation is "fluid". Joining the "911 line" is fast flying Brittany Lebel, super sniper Michelle Gruszecki and defensive specialist Jamie-Leigh Hyde, both of whom will be looked to continue providing solid minutes. Alas, all good things come to an end, and the Dragons will miss their graduating seniors, goalie Margaret McKay, leaves big "pads" to fill, as she put in stellar performances every game; and Katt Krozonouski, whose physical presence set the pace for every shift she was on the ice.

Great job ladies! Go Dragons go!

Front Row: Jenna Smith, Alana Brannigan, Jessica Peroff, Cassidy Holt, Jamie-Leigh Hyde, Michelle Horrocks.

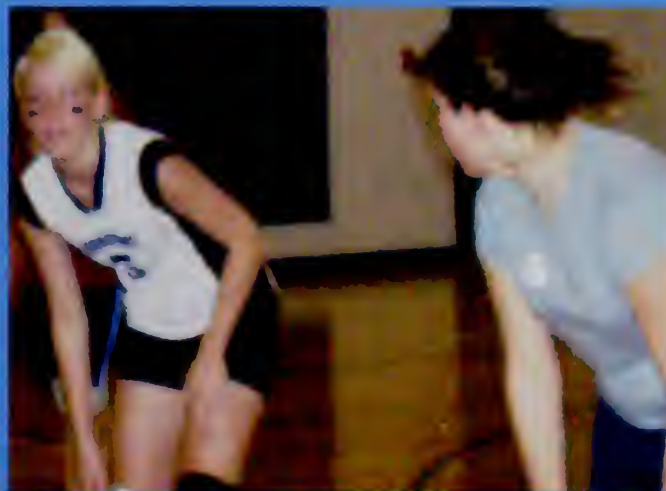

Second Row: Maura Brannigan, Lindsay Pilon, Katt Krozonouski, Margaret McKay, Brittney Lebel, Mr. Kowalenko.

gymnastics team

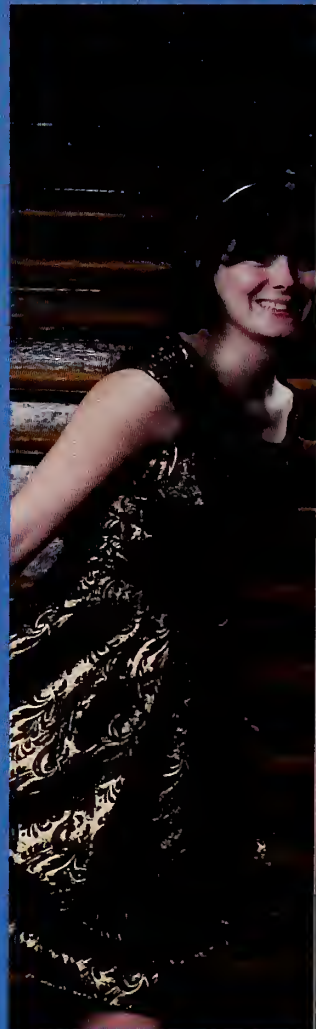

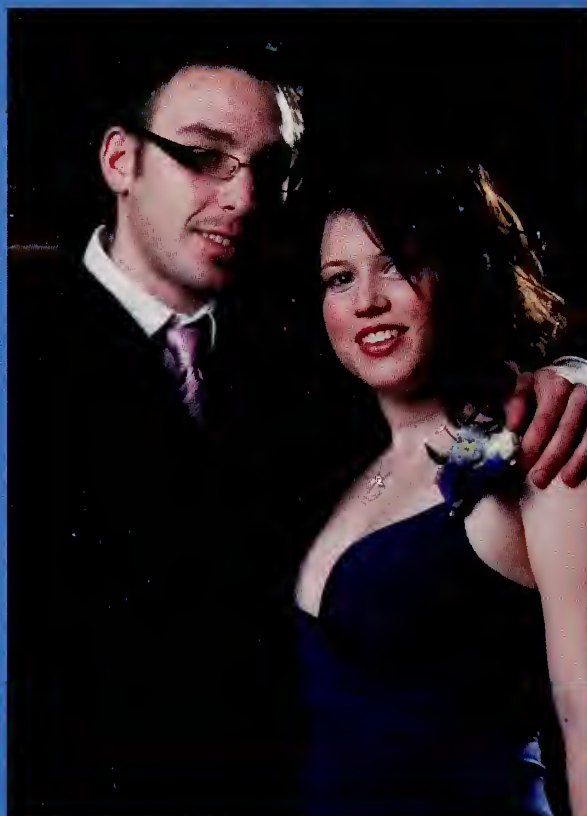

Front Row: Alexandra Szeman, Stephanie Dietterle, Sarah Aicken and Jeany Jang.
Second Row: Amelia Rose Cranfield, Chae-Ri Jeong, Meg McCarthy, Piper Edwards, Jacqueline Dew, and Kallista Hammer.

To be a member of the Gymnastics Team, you need to be a morning person or at least be willing to wake up very early to arrive at school for 6:30. The many mornings paid off with a very strong showing at every competition. Some highlights include coming second in the CISAA Rhythmic Gymnastics Championships with a strong performance by both the Optional and Compulsory teams. At the CISAA Artistic Championship, every gymnast gave her best performance of the season; honourable mention to Jacqueline Dew competing in her first optional competition and executing her routine with perfection. All round, it was a great season!

Second Row: Chelsea Latremouille, Lindsay Tucker, Malvika Chowdhry, Khadijah Plummer, Giovanna Villanti. Third Row: Sangitha Mensingh, Maggie Carmichael, Tessa Siksay, Kemi Amurawaye, Cassidy Romain.

The U14 Softball team should be congratulated on a great term. At the beginning of the season our bats were a little cold, but as the season moved on we had some great hits and runs. Our gloves were a little more sure and we had a great close to the season. The players were terrific this year and it was really special coaching a team that truly embodies the meaning of team spirit and sportsmanship! We hit hard, tried our best and had many, many laughs along the way. A special thanks to Alycia for volunteering to help us this season, our team would not have been the same without you.

U 20 Softball team

The U20 Softball Team had a successful year finishing third overall in the play-offs at Pickering College in May. This year's team was composed of many first year players who improved their skills dramatically as the season moved along. Leading the team by example was this year's MVP, Alycia Wodzak. Congratulations to all of the girls for their great effort. Special thanks go to Mr. Palmer and Mr. Kowalenko for their coaching contributions during the season.

Front Row: Carolyn Bushuk, Laura Hildred, Jenny McPherson. Second Row: Patricia Manos, Lesley Campbell, Laurel Brazill, Alycia Wodzak, Justine Latremouille. Third Row: Serena Park, Christine Cox, Mr. Palmer. Fourth Row: Mr. Kowalenko, Rebecca Keegans, Jessica Peroff, Cassidy Holt.

u 14 tennis team

The Under 14 Tennis team had a great season this year. The girls developed solid tennis skills and had a great time in the sun. The team was determined and excited for every match and played with their best effort. We would like to thank Ms. Karin Ossenkopp for assisting the girls with practice throughout the season. The team made it to the play-offs and placed 4th out of 6 schools. Great work, girls!

Front Row: Faith Chipman, Katherine Yakimetz, Tamiko Kotack, Sarah Doi, Miss Perera.

u 20 tennis team

Front Row: Ms. Jeffery, Miss Johnston, Meg McCarthy, Tanya Murdoch, Samantha Wong, Sybille Lindsay.
Second Row: Hali Russell, Karen Thomas, Jennifer Jacoby, Carolins Herrera.

The U-20 Tennis Team was comprised of three regular singles players: Jennifer Jacoby, Sybille Lindsay and Carolina Herrera. Samantha Wong also competed as a back-up for some singles matches. Our doubles teams rotated for flexibility and were comprised of the following members: Alexandra Pappas, Alea Frauts, Meg McCarthy, Lindsay Pilon, Hali Russell, Karen Thomas, Nikki Hadley and Tanya Murdoch. All players are appreciated for demonstrating model sportsmanship at home and at away games. Jennifer Jacoby has been awarded the MVP award for her outstanding level of play and sportsmanship. She was a great asset to the team and a great help to Ms. Jeffery and Miss Johnston at practises.

track and field team

Front Row: Alex Logan, Danielle Henry, Brittney Lebel.
Second Row: Miss. Miles-Berry, Nicole Digilakis, Joanna Dellaportas, Laura Holman, Chae-Ri Jeong.
Third Row: Lianne Holland, Caitlin McKay, Patricia Manos, Amelia Cranfield, Julia Coffin.

Trafalgar's Track team was a close-knit group of runners that enjoyed many training runs and track workouts together. Pre-season training began in early March in preparation for the CISAA Championships held indoors at York University. The outdoor season was unfortunately plagued by cold and rainy weather, but the team persisted despite the conditions. Track meets included The Snowball Relays, John Rowland Nike Games, Pine Ridge Invitational and The Dwyer Invitational. Congratulations go out to all team members for an outstanding 2007 Track season.

synchro swim team

Trafalgar's synchronized swimming team made a big splash on April 11! All participants worked hard and walked out with second place medals. Casey Wilton, Faith Chipman, Lindsay Farrell, Avery Logan, Francesca DiPietro, Sary Chedraui and Paulina Soloman all competed in the CIS championships in Oakville. Lindsay Farrell in the intermediate level came in first place for her figures and Francesca DiPietro in the senior level came in second for her figures as well. All the hard work and practice truly paid off with our group Pepsi Theme. Everyone did their best and worked hard throughout the synchronized swimming season. We can't wait for next year's competition and we hope we will do just as well as we did this year! Let's hear it for Trafalgar!

Front Row: Miss Webb, Lindsay Farrell, Casey Wilton, Faith Chipman, Francesca DiPietro.

SENIOR SOCCER team

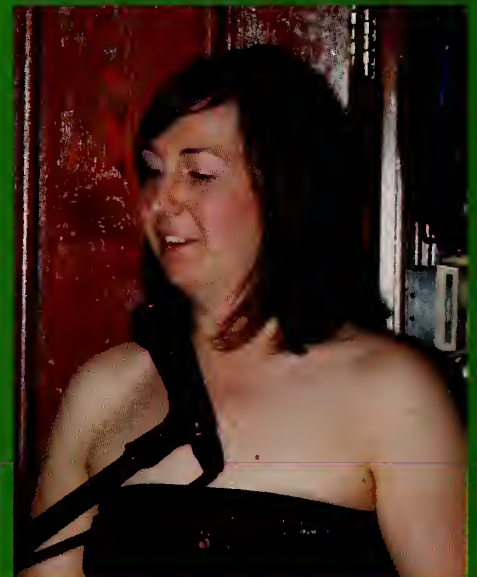

This season proved to be a challenging one for the U20 soccer team as we moved up a level to Tier 1 and carried a smaller team, somewhat plagued with injuries. We quickly enhanced our game to be more aggressive and play with a tighter defense. Our co-captains, Lisa Harrington and Alexa McCartney were both highly dedicated and motivational throughout every match. Our novice goalie, Margaret McKay, proved that her hockey skills easily transferred to the soccer pitch as she made many remarkable saves and frequently kept us in the game. Mr. Huxter and Mrs. Robertson would like to honestly thank each player for her true dedication to the pursuit of improved teamwork and personal skill development. We would rather lose every match with dignity and integrity than win effortlessly. We look forward to another tough season next year with our returning players.

A year at Traf, full of jokes, stress, good times and memories that will last forever – Priceless

There are somethings that money can't buy and for everything else there's blue bill!

Good morning generous parents, eager students, patient teachers, and of course the best looking graduates Trafalgar has ever seen!

As I sat down to write this speech, I began to think of all the memories that not only I have had, but of all the memories that every graduate has had over the past few years in this stony walled castle that so many of us have come to call home. As I boggled my brain with this task, memories of stressful exams, air bands at Muskoka, delicious croissant breaks, hilarious SAC dances and early morning chapels all swamped my thoughts. And while attempting to recall each event I realized that these are more than just memories. They are a part of who we are. Whether we like it or not, we will always be the girls:

- Who went to that snazzy private school
- Who had that crazy calculus teacher and ever so sweet English teacher
- Who weren't afraid of snorting while laughing and may I add very loudly (in public areas)
- Who met Mike Myers in NYC
- Who stayed up endless nights doing homework; yeah that's right homework while secretly on facebook speaking to each other!
- Who wore a kilt every day
- Who "flipped" the school

Ladies, we will always be those girls. The girls who were and will forever remain the proud Trafalgar graduates of 2007. Although today is the day which we have all been counting down since grade 9, first period, geography class, and although it is the day of celebration and jubilation, it is also the last day we will all be in one place, together, as the graduating class of '07. This makes it a rather bittersweet ending, possibly more bitter than we would have expected. Although high school feels like forever, I must admit, the end has come too soon.

Now, I would like to request of every graduate to look to their left and to their right, and I would like the audience to direct their attention to the many young women sitting before them. These faces will be the next lawyers, doctors, nurses, engineers, prime ministers, mayors of Whitby, palaeontologists, writers, teachers, physiotherapists, journalists, actresses, artists and the sky is the limit.

Ladies, look forward to your future, but never forget your past, for it is your past that has made you who you are today. Just think, where would we be this year if it weren't for the people in the Tim Hortons or McDonalds drive through? Or the people at Shell, but most importantly, where would we be without our parents and teachers?

So this is for the parents: On behalf of the graduating class a million thank you's, yet I know this cannot nearly express our gratitude. You have not only dealt with our many phases and complaints but with our successes and sorrows. You have placed us in this school, clearly overlooking the price tag, just to ensure our happiness. So, thank you!

Now to the people who spend endless nights, who hear crazy stories and give wisdom to any willing ear – the faculty and staff. The true education that we have learnt within these castle walls has not been Calculus or World Issues, but has been the countless life lessons that are passed onto us by the incredible people that we are lucky enough to call our staff and faculty. Thank you for putting up with us through thick and thin! Without you, we literally would not be wearing these gowns!

As my speech is coming to a close, I wanted to think of a philosophical, motivational quote, which would inspire us all to go out and conquer the world. But I realized we don't need motivation... we're already half way there! Ladies and gentlemen, I request of you to take a good, long look at these beautiful young ladies faces, for we ARE, above everything else, the future.

And in the words of Ralph Waldo Emerson: "What lies behind us and what lies before us are tiny matters compared to what lies within us." These words truly embody the spirit of the graduating class of 2007 in their moments of success, loss, heart-ache, celebration, victory and defeat. Ladies, may the road rise up to meet you and remember this is not goodbye... it's see you soon!

Congratulations,

Thank you
